

Project Update

Anna Feuer & Julie Jameson-Clausen

LLM Wiki Progress

- Established collaboration methods - Git/Github, VS Code Liveshare
- Gained familiarity with wiki structure
- Researched VAWTs and added sources to wiki knowledge base
- Developed evaluation question set
- Wrote procedures for:
 - Converting PDFs to Markdowns
 - Extracting images
 - Ingesting sources
 - Maintaining the wiki

Questions

- Improving LLM consistency
 - schema/ vs AGENTS.md
 - Python vs plain text
- LLM troubleshooting
 - API disconnect
 - Provider response headers timeout
- Utility of Obsidian
 - Dataview?

Next Steps

- Improve LLM wiki until minimum usefulness is reached
 - Converts pdfs correctly, consistently (> 90%)
 - Produces properly-formatted, useful wiki pages
 - Helps us learn
- Orient towards design work!
